

### **Welcome to the ISSVA “Debates & Updates” 2025 Meeting!**

The International Society for the Study of Vascular Anomalies (ISSVA) will host the hybrid “Debates & Updates” 2025 meeting in the city of lights Paris, France from 23-25 April 2025. One of the most iconic cities in the world, Paris is known for its food, museums, art, architecture, monuments, and vibrant neighborhoods.

The Scientific Program will be a venue to present the latest updates in the field through case presentations, panel discussions, and debates. The “Debates & Updates” 2025 meeting will provide a multidisciplinary forum for many specialties including interventional radiologists, dermatologists, hematologists, plastic surgeons, otolaryngologists, oncologists, pediatric surgeons, pathologists, nurses, and patient organizations.

Our 2021 virtual “Debates & Updates” meeting presented numerous cases and, despite the pandemic, attracted over 600 attendees. Our hybrid “Debates and Updates” 2023 meeting in Boston had 287 in-person and 273 virtual attendees. We expect our 2025 hybrid meeting to again attract 600+ attendees in-person or virtually.

We look forward to your participation to make this meeting a success!

Leo Schultze Kool, MD, PhD  
ISSVA President

Annouk Bisdorff-Bresson, MD  
ISSVA Meetings Committee Chair

### **About ISSVA**

The International Society for the Study of Vascular Anomalies (ISSVA) is a multidisciplinary international society of physicians, scientists, and health care providers united by an interest in vascular anomalies. The Society aims to promote the highest standards of care for patients with vascular anomalies by advancing clinical and scientific knowledge concerning causes, diagnosis and treatment, and by education of physicians, health care providers, patients and the community. The Society encourages the free flow of information between its members and interested groups, through meetings and teaching programs, and by the dissemination of a classification scheme and pertinent scientific data.

### **About “Debates & Updates”**

The “Debates & Updates” meeting was launched in 2021 and is intended to complement, but not copy, our long-standing “World Congress” meeting. The “Debates & Updates” meeting consists of lively panel discussions, case reviews, and audience participation. This will be a highly interactive meeting. Presenters will include experts from multiple specialties, but attendees are encouraged to share their perspectives and opinions. We expect our knowledgeable participants to interject their thoughts about how they would approach the challenging situations and compelling cases that are presented.

## ISSVA Meeting Attendees

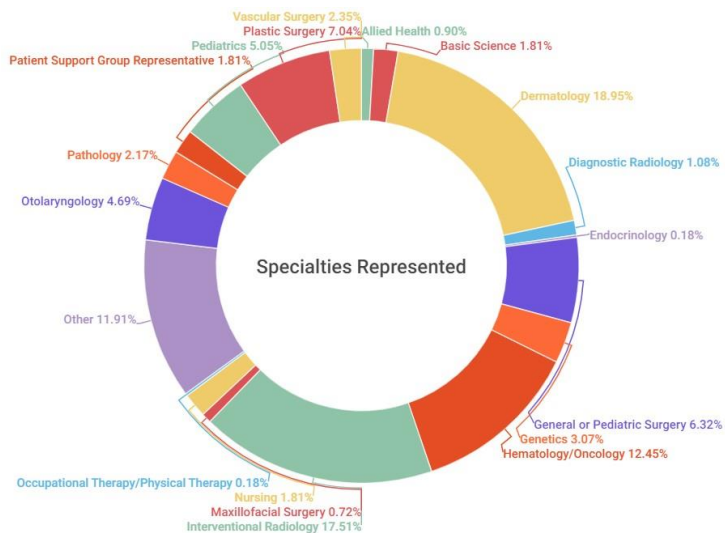

All figures are from the hybrid 2023 "Debates & Updates" Meeting in Boston

**94 % OF ATTENDEES OF THE BOSTON MEETING SAID THEY'D ATTEND ANOTHER 'DEBATES & UPDATES' MEETING AND RECOMMEND IT TO THEIR COLLEAGUES**

### Exhibition

\*\*Exhibiting at the ISSVA "Debates & Updates" 2025 Meeting is a great way to expand your company's branding and product awareness. ISSVA is offering tabletop exhibits (table & two chairs) for \$4,500 USD. Due to space limitations, ISSVA is not able to offer free-build exhibition booths at this meeting. Non-profit Patient Organizations interested in exhibiting will have a special reduced rate of \$500. Each industry exhibit includes two (2) registrations, and Non-profit Patient Organization exhibits include one (1) registration.

### Unrestricted Medical Educational Grants

We are happy to work with your company or organization to submit and apply for an unrestricted medical education grant. We wish to thank and recognize all supporters of our meeting through an educational grant by recognizing their support on the meeting website and through other applicable mediums.
